#### STRATEGIC REPORT

The Directors present their strategic report for the year ended 31 December 2022.

#### **REVIEW OF THE BUSINESS AND PRINCIPAL ACTIVITY**

The principal activity of Lighthouse Advisory Services Limited (the "Company") is to provide financial planning advice and related services through a network of intermediaries. The Company is incorporated in England and Wales and domiciled in the United Kingdom ("UK").

The Company is authorised and regulated by the Financial Conduct Authority ("FCA").

The Company is part of the Quilter plc Group (the "Group" or "Quilter"), consisting of Quilter plc and its direct and indirect subsidiaries. Quilter plc's ordinary shares are listed on the London and Johannesburg Stock Exchanges. Quilter plc provides the Company with strategic and governance oversight.

#### **AFFLUENT SEGMENT**

The Company forms part of the Affluent segment of the Group. This segment is comprised of Quilter Investment Platform, Quilter Investors and Quilter Financial Planning.

Quilter Investment Platform is a leading investment platform provider of advice-based wealth management products and services in the UK, which serves a largely affluent customer base through advised multi-channel distribution.

Quilter Investors is a leading provider of investment solutions in the UK multi-asset market. It develops and manages investment solutions in the form of funds for the Group and third-party clients. It has several fund ranges which vary in breadth of underlying asset class.

Quilter Financial Planning is a restricted and independent financial adviser network, providing mortgage and financial planning advice and financial solutions for both individuals and businesses through a network of intermediaries. It operates across all markets, from wealth management and retirement planning advice through to dealing with property wealth and personal and business protection needs.

#### **QUILTER'S STRATEGY**

Quilter's strategy is focussed on growing with its clients and advisers, enhancing the efficiency of its operations, increasing digitalisation across the business and being a responsible wealth manager. This will enable Quilter to increase flows from both its own advisers and independent financial advisers, manage more of those flows in the Groups investment solutions and increase the efficiency of doing so, delivering top-line growth and operating leverage. Those priorities are underpinned by embodying a diverse and inclusive culture, where colleagues embrace Quilter's cultural values of being pioneering, dependable and stronger together which aids in achieving Quilter's goals and benefits all its stakeholders.

Streamlined Energy and Carbon Reporting: The Group is committed to managing its environmental impact and supports the Carbon Disclosure Project ("CDP"), a globally recognised initiative for companies to measure, manage, disclose and reduce their environmental impacts. A full explanation of how the Directors have had regard to the impact on the environment is contained within the Quilter plc Annual Report 2022 as per the requirements of Streamlined Energy and Carbon Reporting. The Company is exempt from reporting company-specific information as it is a subsidiary of the Group.

#### **STRATEGIC REPORT (continued)**

#### LIGHTHOUSE ADVISORY SERVICES LIMITED STRATEGY

Lighthouse Advisory Services Limited forms part of the Quilter Financial Planning Group ("QFP Group"), a network of over 2,550 financial advisers, including over 1,550 restricted financial planners, who deliver personalised financial advice tailored to meet specific needs of the customer to deliver positive customer outcomes. The strategic aim of the QFP Group is to provide a market leading customer experience through controlled distribution and a focus upon the delivery of full financial planning within our target markets. The QFP Group is committed to offering a controlled advice proposition that delivers excellent customer outcomes, with a structure which ensures strong leadership and a strategic focus for advisers and clients in different market segments. The QFP Group operates a business model with two core channels, National and Network.

The Company is aligned with the Network channel.

#### **Network Channel**

The Network model continues to focus on affluent clients through its model of partnering with third party firms who generate and service their own client base, but still want access to a leading client proposition under a relationship whereby the regulatory control framework and associated responsibilities are robustly managed through the QFP Group. The focus of the Network continues to drive growth in restricted financial planner numbers to broaden the reach and penetration of the solutions offered by the wider Group, where in the best interests of the client.

#### **KEY PERFORMANCE INDICATORS (KPIs)**

Management evaluates the performance of the business using a number of measures. Key metrics for the Company were as follows:

	2022	2021
Adviser headcount number at year end for advisers operating	420	20.4
under Lighthouse Advisory Services Limited	126	204
	£'000	£'000
Fee income and other income from service activities	21,178	37,177
Other operating and administrative expenses	(6,857)	(5,898)
Profit/(loss) before taxation	5,775	(147)
Cash and cash equivalents	8,080	34,976
Net assets	46,116	41,374

Revenue of £21.2 million was £16 million lower than prior year (2021: £37.2 million), mainly due to a reduced number of Advisers within the Company's network in 2022, compared to 2021. Some Adviser firms moved across to Quilter Financial Services Limited, while some became independently FCA authorised. LighthouseCarrwood Limited, which was an authorised representative of the Lighthouse Group, was sold on 1 November 2021.

Total expenses of £27.9 million was £9.8 million lower than prior year (2021: £37.7 million), due to Adviser fee and commission expenses reducing by £14.2 million to £21 million in 2022 (2021: £35.2 million) as a direct result of the movement of Advisers out of the Company. This reduction is offset by other operating and administrative expenses increasing by £1.0 million to £6.9 million in 2022 (2021: £5.9 million). In addition, in 2021 a £3.5 million credit was booked relating to the reversal of intercompany receivable impairments charged to the income statement in prior years.

The Company recognised a one-off gain of £11.6 million relating to insurance proceeds received in the year (see note 6).

The profit before tax for the year was £5.8 million (2021: £0.1 million loss).

The Company remains well capitalised with good levels of regulatory solvency headroom and a strong financial position.

#### **STRATEGIC REPORT (continued)**

#### PRINCIPAL RISKS AND UNCERTAINTIES

The key business risks and uncertainties relate to the economic environment and expense levels impacting on margins earned, competition impacting adviser and customer persistency and risks within operational activities associated with systems, processes, people and external influences. The Company does not seek market risk from trading securities with its available excess funds. The Company has limited risk appetite for credit risk via loans to Appointed Representatives and company cash held with counterparties.

**Economic environment:** During 2022, increasing inflationary pressures, the continuing Ukraine conflict, supply issues and post-Brexit trading issues have caused inflation to rise. The Bank of England expects this to continue, with the UK expected to enter a recession during 2023. Continued inflationary pressure could lead to interest rate rises, affecting investment performance, increasing expenses and affecting customers' ability to save. In addition to the severe humanitarian and geopolitical impacts, the Ukraine crisis is continuing to contribute to increased economic uncertainty and market volatility linked to commodity and energy price increases. Coupled with the current cost-of-living crisis, this could significantly impact on consumer confidence and ability to save and invest which could impact business performance.

**Disruptive competition**: There continues to be increased competition in the wealth management industry and acceleration in technological advancements. A rapidly shifting external environment brings opportunity for greater competitive disruption with potential to erode Quilter's market share.

**Margin pressure**: There is increasing competitive pressure to provide wealth management services at a lower overall cost to customers.

Conduct risk management: The delivery of demonstrably suitable customer outcomes continues to be a central focus for the advice businesses. The Company is aware of the customer harm, regulatory and cost implications arising from the provision of unsuitable advice and/or ongoing servicing. It continues to provide adviser supervision and advice assessments through its compliance operations, monitoring arrangements and executive governance arrangements, with oversight of its systems and controls at the core of the Company's control environment. This has been identified as a key strategic priority with investment allocated for the continued strengthening of its risk and control environment.

**Customer complaints and redress experience:** The controlled distribution model operated by the business benefits from expertise in defining and reviewing the restricted matrices and panels used by the business and strong governance over adherence to the defined advice standards, including file checking. This strategy combined with the operational approach to provide its customers with the right outcomes through process and Root Cause Analysis seeks to mitigate the risk of repeat instances or scenarios requiring client redress.

**Financial instruments:** The Company's main exposure to risk arising from financial instruments is its exposure to credit risk arising on cash or short-term deposits and trade and other receivables. The Company's cash and cash equivalents are managed to ensure this risk is mitigated.

**Cyber threat developments:** Evolving sophisticated cyber criminality presents a persistent threat of attack, capable of compromising the continuity of operations, or the security and integrity of information.

**People:** The Company relies on its talent to deliver its service to customers and to implement the broad range of strategic change initiatives that are planned. Poor staff engagement, failure to retain key staff or to attract suitable talent may impact the delivery of the strategy and may have an adverse impact on the Company's business, its financial and operational performance and the delivery of service to its customers.

#### **STRATEGIC REPORT (continued)**

**Emerging risks:** Quilter is a long-term business and as such we monitor risks which are less certain in terms of timescales and impact. The emerging risk profile is subject to regular review by management committees and the Board. The identification of these risks contributes to our stress and scenario testing which feeds into our strategic planning process and informs our capital calculations. The following are the emerging risks we feel are the most significant.

**Generational shifts:** The UK's ageing population, combined with the rapid growth in the total value of UK household wealth over the last 20 years, is causing shifts in generational wealth accumulation. A significant proportion of this wealth is held by the over-45s and, over the next 30 years, this is set to be transferred between generations as inheritance or gifts. A further intergenerational trend is the transfer of risk from institutions (employers, the state and financial service providers) to individuals, for example as seen in the pension industry. These trends present opportunities for the business in terms of increased demand for wealth management services, but the Company will also need to strategically adapt to changing future customer needs.

**Disruptive competition & technology:** There is increased competition in the wealth management industry and an acceleration in technological advancements. A rapidly shifting external environment brings opportunity for greater competitive disruption with potential to erode the Company's market share.

Climate change - disorderly transition to net zero: During 2021, the Company began developing a comprehensive and robust long-term climate strategy to manage climate related financial and non-financial risks to fulfil our strategic priority to become a responsible wealth manager. This work will continue through 2023 and beyond.

**Political changes and taxation:** Restoration of public finances after the pandemic may require further changes to the tax regime, in addition to the rises in UK National Insurance that have been announced. These could include direct taxes on wealth or changes to pension tax relief for higher earners. Tax changes affecting customers' wealth and ability to save could impact investment flows and assets under advice and administration.

Signed on behalf of the Board

S C Gazard

Director

26 May 2023

#### **DIRECTORS' REPORT**

The Directors present their report and audited financial statements for the year ended 31 December 2022.

The review of the business, including future outlook and principal risks and uncertainties are disclosed within the strategic report.

#### **DIRECTORS**

The Directors of the Company who held office during the year and up to the date of the signing of these financial statements were:

S C Gazard M Dean

P J Smith (resigned on 01/04/2022)

The company secretary during the year was Quilter CoSec Services Limited.

Qualifying third-party indemnities were in force (as defined by section 234 of the Companies Act 2006) during the course of the financial year ended 31 December 2022 for the benefit of the then Directors, and at the date of this report, are in force for the benefit of the Directors in relation to certain losses and liabilities which may occur (or have occurred) in connection with their duties/powers or office.

#### **DIVIDENDS**

The Directors do not recommend the payment of a dividend (2021: £nil).

#### **EMPLOYEES**

The Company has no employees (2021: nil). Quilter Financial Planning Limited ("QFPL") and Quilter Business Services Limited employ all staff and the related disclosures are shown in those financial statements.

#### **POLITICAL DONATIONS**

No political donations were made during the year (2021: £nil).

#### **MANAGED CAPITAL**

The Company's objectives in managing its capital are to ensure that there are adequate resources to meet the Company's liabilities as they fall due, to meet external capital requirements set by the Financial Conduct Authority, and to allocate capital efficiently to support growth and return excess capital where appropriate. The Company manages its capital by measuring its resources and cash available on a regular basis, and through regular monitoring of excess regulatory capital. The Company's capital position and the movement in this from the prior year are disclosed within the statement of changes in equity. The Company met all external regulatory capital requirements during the year.

#### **DISCLOSURE OF INFORMATION TO AUDITORS**

Each of the persons who is a Director at the date of approval of this report confirms that:

- so far as the Directors are each aware, there is no relevant audit information of which the Company's auditors are unaware; and
- each Director has taken all the steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

This confirmation is given in accordance with the provisions of the Companies Act 2006.

#### **DIRECTORS' REPORT (continued)**

#### STATEMENT OF GOING CONCERN

The use of the going concern basis of accounting is considered appropriate, reflecting the intention of the Company's indirect parent company, Quilter Financial Planning Limited, to provide continued capital support to the Company for the three years until 31 December 2025.

In turn, Quilter Financial Planning Limited has received a capital commitment from its ultimate parent, Quilter plc, for the same period, reflecting the strategic importance of the Quilter Financial Planning Group in the wider group.

In light of the above there are no material uncertainties, related events or conditions that may cast significant doubt over the ability of the Company to meet its liabilities as they fall due, for at least 12 months from the date of approving these financial statements.

#### **CLIMATE CHANGE**

In 2021, the Quilter climate change strategy was formalised with the objectives of reducing Quilter's contribution to climate change and supporting the transition to a low carbon economy. To achieve this ambition, Quilter has developed a framework which is helping reduce our direct carbon footprint, embed climate considerations in our investment management and stewardship activity and offer clients climate focused investment solutions. The framework is aligned with the Taskforce on Climate-related Financial Disclosures ("TCFD") disclosure requirements.

#### INVESTING RESPONSIBLY

Quilter has made a commitment to embed responsible investment principles across the business and is a signatory of the UN-backed Principles for Responsible Investment ("PRI"). We are embedding environmental, social and governance ("ESG") into our standard advice process to help clients invest according to their ESG preferences, and we are embedding ESG even more deeply into our standard investment management processes.

#### INDEPENDENT AUDITORS

PricewaterhouseCoopers LLP has been appointed by the Company to hold office in accordance with section 485 of the Companies Act 2006.

Signed on behalf of the Board

Mitcal De

M Dean

Director

26 May 2023

#### STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law).

Under company law, Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101 have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are also responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006.

#### **DIRECTORS' CONFIRMATIONS**

In the case of each Director in office at the date the Directors' report is approved:

- so far as the Director is aware, there is no relevant audit information of which the Company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

# Independent auditors' report to the members of Lighthouse Advisory Services Limited

# Report on the audit of the financial statements

#### **Opinion**

In our opinion, Lighthouse Advisory Services Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, including FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the ANNUAL REPORT AND FINANCIAL STATEMENTS (the "Annual Report"), which comprise: the Statement of financial position as at 31 December 2022; the Income statement, the Statement of comprehensive income and the Statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

#### Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

#### Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic report and Directors' report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

#### Strategic report and Directors' report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors' report for the year ended 31 December 2022 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' report.

#### Responsibilities for the financial statements and the audit

#### Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' responsibilities, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

#### Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to breaches of UK regulatory principles, such as those governed by the Financial Conduct Authority, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to overstatement of revenue by posting inappropriate journal entries and management bias in accounting estimates. Audit procedures performed by the engagement team included:

- Discussions with the Audit Committee, internal audit, management involved in the risk and compliance functions and the Quilter Group's legal function;
- · Reviewing relevant meeting minutes of the Board of Directors;
- Reviewing relevant correspondence with the Financial Conduct Authority;
- Identifying and testing journal entries, in particular any journals which meet the defined risk criteria;
- Challenging assumptions made by management in accounting estimates and judgements, in particular in relation to the valuation of unsuitable advice provisions (specifically defined benefit to defined contribution pension transfer advice claims); and
- Designing and performing audit procedures to incorporate unpredictability around the nature, timing or extent of our testing.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

#### Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

# Other required reporting

### **Companies Act 2006 exception reporting**

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- · we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### **General information**

Lighthouse Advisory Services Limited (the "Company"), is a private company limited by shares incorporated in England and Wales and domiciled in the United Kingdom ("UK"). The principal activities of the Company are disclosed in the strategic report on page 2.

The address of its registered office is disclosed in the Company information section on page 1.

#### 1: Basis of preparation

The financial statements of Lighthouse Advisory Services Limited for the year ended 31 December 2022 have been prepared in accordance with Financial Reporting Standard 101, 'Reduced Disclosure Framework' (FRS 101). The financial statements have been prepared under the historical cost convention, and in accordance with the Companies Act 2006 as applicable to companies using FRS101.

The preparation of financial statements in conformity with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

The following exemptions from the requirements of IFRS have been applied in the preparation of these financial statements, in accordance with FRS 101:

- Paragraphs 45(b) and 46 to 52 of IFRS 2, 'Share-based payment' (details of the number and weighted average exercise prices of share options, and how the fair value of goods or services received was determined).
- IFRS 7, 'Financial instruments: Disclosures'.
- Paragraphs 91 to 99 of IFRS 13, 'Fair value measurement' (disclosure of valuation techniques and inputs used for fair value measurement of assets and liabilities).
- Paragraph 38 of IAS 1, 'Presentation of financial statements' comparative information requirements in respect of:
  - o paragraph 79(a)(iv) of IAS 1;
- The following paragraphs of IAS 1, 'Presentation of financial statements':
  - 10(d) (statement of cash flows);
  - 16 (statement of compliance with all IFRS);
  - o 38A (requirement for minimum of two primary statements, including cash flow statements);
  - o 38B-D (additional comparative information);
  - o 111 (statement of cash flows information); and
  - o 134-136 (capital management disclosures).
- The second sentence of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a) to (c), 120 to 127 and 129 of IFRS 15 Revenue from Contracts with Customers.
- IAS 7, 'Statement of cash flows'.
- Paragraphs 30 and 31 of IAS 8, 'Accounting policies, changes in accounting estimates and errors' (requirement
  for the disclosure of information when an entity has not applied a new IFRS that has been issued but is not yet
  effective).
- Paragraph 17 of IAS 24, 'Related party disclosures' (key management compensation).
- The requirements in IAS 24, 'Related party disclosures', to disclose related party transactions entered into between two or more members of a Company.

These financial statements have been prepared on a historical cost basis and are presented in pounds sterling, which is the currency of the primary economic environment in which the Company operates.

The accounting policies set out below, have, unless otherwise stated, been applied consistently to all periods presented on these financial statements.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 1: Basis of preparation (continued)

#### New standards, amendments to standards, and interpretations adopted by the Company

There were no new standards or interpretations which became effective from 1 January 2022.

Amendments to standards:

There are no amendments to accounting standards, or IFRIC interpretations that are effective for the year ended 31 December 2022 that have a material impact on the company's financial statements.

#### Going concern

The Directors believe that the Company is well placed to manage its business risks in the context of the current economic outlook and has sufficient financial resources to continue in business for a period of at least 12 months from the date of approval of these financial statements and continue to adopt the going concern basis in preparing the financial statements.

In assessing this, the Directors have considered:

- the liquidity of the Company's assets;
- the projected regulatory capital position of the Company;
- the written commitment of the Company's direct parent to provide the required level of continued capital support for the three years until 31 December 2025 along with the managements' consideration of the parent's ability to provide that support.

Quilter Financial Planning Limited ("QFPL"), the parent company of the QFP Group, has received confirmation in writing from its ultimate parent, Quilter plc, that it will continue to make funds available to QFPL for three years until 31 December 2025, and will not seek repayment of funds provided during that period. The Group's willingness to provide this ongoing support reflects QFP Group's position as being an integral part of the Group strategy and advice solution offerings.

In light of the commitment of support from the Group, the Company has received confirmation of ongoing intent to provide capital support from its indirect parent, QFPL, that it will continue to make funds available to the Company for at least three years to 31 December 2025 and will not seek repayment of funds provided during that period.

On this basis management have a reasonable expectation that the Company has adequate resources available to it in order to continue in operational existence for the foreseeable future (being 12 months from the date of this report). Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

#### Liquidity analysis of the Statement of financial position

The Company's Statement of financial position is in order of liquidity as is permitted by IAS 1 *Presentation of Financial Statements*. For each asset and liability line item, those amounts expected to be recovered or settled after more than twelve months after the reporting date are disclosed separately in the notes to the consolidated financial statements.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 2: Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The QFPL Board Audit Committee reviews these areas of judgement and estimates and the appropriateness of significant accounting policies adopted in the preparation of these financial statements.

#### **Critical accounting judgements**

The Company's critical accounting judgements are detailed below and are those that management makes when applying its significant accounting policies and that have the most effect on the net profit and net assets recognised in the Company's financial statements. There are no critical accounting judgements for the Company for the current year or prior year.

#### Critical accounting estimates

The Company's critical accounting estimates are shown below and involve the most complex or subjective assessments and assumptions, which have a significant risk of resulting in material adjustment to the net carrying amounts of assets and liabilities within the next financial year. Management uses its knowledge of current facts and circumstances and applies estimation and assumption setting techniques that are aligned with relevant actuarial and accounting standards and guidance to make predictions about future actions and events. Actual results may differ from those estimates.

#### Provision for cost of defined benefit pension advice

During the year to 31 December 2022, the skilled person completed their review of all British Steel Pension Scheme cases and pension schemes other than the British Steel Pension Scheme within the initial scope of the review, reflecting the outcome on suitability of the DB to DC pension transfer advice review for each case, and all remaining offers were made to customers who received unsuitable DB to DC pension transfer advice which caused them to sustain a loss. An estimation of a provision was determined for a further sample of DB to DC pension transfer advice cases not relating to the British Steel Pension Scheme, and British Steel Pension Scheme cases where the redress scheme for former members of the British Steel Pension Scheme who received unsuitable advice may require payments to be made, using a methodology which takes account of recent experience and applying a proportion of transfer value to determine redress payable as an indicative provision.

#### 3: Significant accounting policies

The Company's significant accounting policies are described below. There have been no changes to the Company's significant accounting policies as a result of changes in accounting standards during the year.

#### Fee income and other income from service activities

Fee income and other income from service activities represent the fair value of services provided, net of value added tax. Revenue is only recognised to the extent that management is satisfied that it is highly probable that no significant reversal of the revenue recognised will be required when uncertainties are resolved. In circumstances where refunds are expected on a portion of the income, including indemnity commission on policies sold, an estimate of the reduction of revenue is made and charged to the income statement at the point of sale, based upon assumptions determined from historical experience.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 3: Significant accounting policies (continued)

#### **Financial instruments**

Financial instruments cover a wide range of financial assets, including trade and intercompany receivables and cash and cash equivalents and certain financial liabilities, including trade and intercompany payables. Financial assets and financial liabilities are recognised in the Company's Statement of financial position when the Company becomes party to the contractual provisions of the instrument. The Company derecognises a financial asset when the contractual rights to receive cash flows have expired or been forfeited by the Company. A financial liability is derecognised when the liability is extinguished.

#### **Initial measurement**

A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at Fair value through the Profit and Loss ("FVTPL"), transaction costs that are directly attributable to its acquisition.

#### Subsequent measurement

The classification of financial assets depends on (i) the purpose for which they were acquired, (ii) the business model in which a financial asset is managed, and (iii) its contractual cash flow characteristics. Two categories are applicable within the Company: FVTPL and amortised cost. This classification determines the subsequent measurement basis. The following accounting policies apply to the subsequent measurement of financial assets.

Measurement basis	Accounting policies
Financial assets at	These financial assets are subsequently measured at fair value. Net gains and losses,
FVTPL	including interest and dividend income, are recognised in profit or loss.
Amortised cost	These financial assets are subsequently measured at amortised cost using the effective
	interest rate method. The amortised cost is reduced by impairment losses. Interest income,
	foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain
	or loss on de-recognition is recognised in profit or loss.

#### Fair value measurement

Fair value is a market-based measure and is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For a financial instrument, the best evidence of fair value at initial recognition is normally the transaction price, which represents the fair value of the consideration given or received.

Where observable market prices in an active market, such as bid or offer (ask) prices are unavailable, fair value is measured using valuation techniques based on the assumptions that market participants would use when pricing the asset or liability. If an asset or a liability measured at fair value has a bid or an offer price, the price within the bid-offer spread that is most representative of fair value is used as the basis of the fair value measurement.

#### **Amortised cost**

A financial asset is measured at amortised cost if it meets both of the following conditions and unless recognised as FVTPL on initial recognition applying the Fair Value Option (see below):

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 3: Significant accounting policies (continued)

#### Amortised cost (continued)

For the purposes of this assessment, principal is defined as the fair value of the financial asset on initial recognition. Interest is defined as consideration for the time value of money and for the credit risk associated with the principal

amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash balances, money market collective investment funds and other short-term deposits with an original maturity of three months or less and no significant credit risk.

Cash and cash equivalents held within money market collective investment funds are classified as FVTPL. All other cash and cash equivalents are classified as amortised cost which means they are initially recognised at fair value and subsequently carried at amortised cost using the effective interest method and are subject to the impairment requirements outlined below. The carrying amount of cash and cash equivalents equate to fair value.

#### Loans due from Group undertakings

Loans with fixed maturities are recognised when cash is advanced to borrowers. Loans and advances are carried at amortised cost using the effective interest rate method. These assets are subject to impairment requirements.

#### Financial liabilities

Financial liabilities, being the Company's trade payables and loans, are measured at amortised cost using the effective interest method.

#### Trade payables and receivables

Trade payables and receivables are classified at amortised cost. Due to their short-term nature, their carrying amount is considered to be the same as their fair value.

#### Impairment of financial assets

The expected loss accounting model for credit losses applies to financial assets measured at amortised cost. Financial assets at amortised cost include trade and intercompany receivables and cash and cash equivalents.

Credit loss allowances are measured on each reporting date according to a three-stage expected credit loss ("ECL") impairment model:

#### Performing financial assets:

#### Stage 1

From initial recognition of a financial asset to the date on which an asset has experienced a significant increase in credit risk relative to its initial recognition, a stage 1 loss allowance is recognised equal to the credit losses expected to result from its default occurring over the earlier of the next 12 months or its maturity date ("12-month ECL").

#### Stage 2

Following a significant increase in credit risk relative to the initial recognition of the financial asset, a stage 2 loss allowance is recognised equal to the credit losses expected from all possible default events over the remaining lifetime of the asset ("Lifetime ECL").

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 3: Significant accounting policies (continued)

#### Performing financial assets: (continued)

The assessment of whether there has been a significant increase in credit risk requires considerable judgement, based on the lifetime probability of default ("PD"). Stage 1 and 2 allowances are held against performing loans; the main difference between stage 1 and stage 2 allowances is the time horizon. Stage 1 allowances are estimated using the PD with a maximum period of 12 months, while stage 2 allowances are estimated using the PD over the remaining lifetime of the asset.

#### Impaired financial assets:

Stage 3

When a financial asset is considered to be credit-impaired, the allowance for credit losses ("ACL") continues to represent lifetime expected credit losses. However, interest income is calculated based on the amortised cost of the asset, net of the loss allowance, rather than its gross carrying amount.

#### Application of the impairment model

The Company applies the ECL model to all financial assets that are measured at amortised cost:

• Trade and intercompany receivables, to which the simplified approach prescribed by IFRS 9 is applied. This approach requires the recognition of a Lifetime ECL allowance on day one and thereafter.

ECLs are probability-weighted estimates of credit losses. ECLs for financial assets that are not credit-impaired at the reporting date are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due in accordance with the contract and the cash flows that the Company expects to receive). Full provision is made for amounts due from advisers on termination of their relationship with the Company. ECLs for financial assets that are credit-impaired at the reporting date are measured as the difference between the gross carrying amount and the present value of estimated future cash flows. ECLs are discounted at the effective interest rate of the financial asset. The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

The measurement of ECLs considers information about past events and current conditions, as well as supportable information about future events and economic conditions. The Company has implemented its impairment methodology for estimating the ACL, taking into account forward-looking information in determining the appropriate level of allowance. In addition, it has identified indicators and set up procedures for monitoring for significant increases in credit risk.

#### **Presentation of impairment**

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

#### Write-offs

Loans and advances are written off (either partially or in full) when there is no realistic prospect of the amount being recovered. This is generally the case when the Company concludes that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

#### **Contract assets**

Contract assets are classified as non-financial. Due to their short-term nature, their carrying amount is considered to be the same as their fair value.

The expected loss accounting model for credit losses applies to contract assets, The Company applies the ECL model to contract assets, which are measured at amortised cost. The simplified approach prescribed by IFRS 9 is applied to contract assets. This approach requires the recognition of a Lifetime ECL allowance on day one and thereafter.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 3: Significant accounting policies (continued)

#### **Taxation**

#### **Current tax**

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date and any adjustment to income tax payable in respect of previous years. Current tax is charged or credited to the income statement, except when it relates to items recognised directly in equity or in other comprehensive income.

#### Deferred tax

Deferred taxes are calculated according to the statement of financial position method, based on temporary differences between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised.

Deferred tax is charged or credited to the income statement, except when it relates to items recognised directly in equity or in other comprehensive income. In certain circumstances, as permitted by accounting standards, deferred tax balances are not recognised. In particular, where the liability relates to the initial recognition of goodwill, or transactions that are not a business combination and at the time of their occurrence affect neither accounting nor taxable profit.

#### Provisions and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is more probable than not that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions are measured at management's best estimate of the expenditure required to settle the obligation at the reporting date. Where the effect of the time value of money is material, provisions are discounted and represent the present value of the expected expenditure. Provisions are not recognised for future operating costs or losses.

The Company recognises specific provisions where they arise for the situations outlined below:

- Client compensation and related costs, when the Company compensates clients in the context of providing fair customer outcomes;
- · Legal uncertainties and the settlement of other claims.

Contingent liabilities are possible obligations of the Company of which the timing and amount are subject to significant uncertainty. Contingent liabilities are not recognised in the statement of financial position, unless they are assumed by the Company as part of a business combination. They are however disclosed, unless they are considered to be remote. If a contingent liability becomes probable and the amount can be reliably measured it is no longer treated as contingent and recognised as a liability.

Contingent assets, which are possible benefits to the Company, are only disclosed if it is probable that the Company will receive the benefit. If such a benefit becomes virtually certain, it is no longer considered contingent and is recognised on the statement of financial position as an asset.

#### 4: Fee income and other income from service activities

Fee income and other income from service activities represents income receivable on advice provided by financial advisers and is derived from continuing operations in the United Kingdom.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 5: Other income

	£'000	£'000
	2022	2021
Bank interest receivable	127	4
Interest earned on loan to Quilter Financial Planning Limited	784	361
Total other income	911	365

The interest earned on the money market fund is the actual amount received. The interest earned on the loan to Quilter Financial Planning Limited is calculated using the effective interest rate method.

#### 6: Insurance proceeds

	£'000 2022	£'000 2021
Total insurance proceeds	11,550	<u>-</u>

In 2022, insurance proceeds of £15,000,000 in relation to claims in respect of legal liabilities arising in connection with Lighthouse's DB to DC pension transfer advice have been received. The Company had previously recognised an insurance receivable balance of £3,450,000 (see note 11) resulting in a current year income recognition of £11,550,000.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 7: Total expenses

This note provides further details in respect of the items appearing in the expenses section of the income statement.

	£'000 2022	£'000 2021
Fee and commission expense	21,007	35,237

Fee and commission expenses represent sums payable to advisers in respect of the fee income and other incomes from service activities. The decrease in the year is directly related to the fall in fee income (see page 3).

	£'000 2022	£'000 2021 (re- presented)
Management fees paid to fellow group undertakings	3,594	2,393
Complaints, remediations and bad debts	871	-
(Credit)/Charge in respect of customer redress (see note 15)	(547)	2,277
Charge in respect of provision for legal and professional fees associated with the		
above	2,897	1,250
Other administrative expenses	42	(22)
Total operating and administrative expenses	6,857	5,898

In the financial statement for 2021, 'Management fees paid to fellow group undertakings' were included under the heading 'Other administrative expenses'.

The credit in respect of customer redress arises from the reversal of unused amounts.

#### **Directors' remuneration**

	£'000	£'000
	2022	2021
Proportion of Directors' emoluments paid by third parties attributable to the		
company		
Remuneration	88	132
Pension	1	3
Total share based payments	40	19
	129	154

- 3 Directors had money paid to money purchase schemes during the year (2021: 3).
- 2 Directors received, or were due to receive, shares or share options under a long-term incentive scheme (2021: 3).
- 1 Directors exercised options during the year (2021: 3).

During the year there was no compensation for loss of office paid to Directors (2021: £nil); this includes the estimated money value of the following benefits: payment in lieu of notice, loss of participation in the Save As You Earn scheme, pay-out of contractual long-term incentive, pension contributions, bonus and statutory redundancy.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 7: Total expenses (continued)

#### **Auditors' remuneration**

Audit fees were paid by Quilter Financial Planning Limited on behalf of the company and included within the 'Management recharge from group companies'.

	£'000 2022	£'000 2021
Fees payable for audit services	55	49
Fees for audit-related assurance services	14	12
Total Company auditors' remuneration	69	61

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 8: Tax on profit/(loss)

#### Tax (charged)/credited to the income statement

	£'000	£'000
	2022	2021
Current tax	(4.00=)	
United Kingdom	(1,097)	683
Adjustments to current tax in respect of prior periods	64	2
Total current tax (charge)/credit	(1,033)	685
Total tax (charged)/credited to income statement	(1,033)	685

#### Reconciliation of total income tax expense

The income tax (charged)/credited to profit or loss differs from the amount that would apply if all of the Entity's profits had been taxed at the UK standard corporation tax rate. The difference in the effective rate is explained below:

	£'000 2022	£'000 2021
Profit/(loss) before tax	5,775	(147)
Corporation tax (charge)/credit at 19% (2021: 19%)  Effect of:	(1,097)	28
Impairments/losses not deductible for tax Adjustments to current tax in respect of prior years	- 64	655 2
Total tax (charged)/credited to income statement	(1,033)	685

#### Factors that may affect future charges

The main rate of corporation tax is 19% for the financial year 2022 (2021:19%). The rate will increase to 25% with effect from 1 April 2023. This change was substantively enacted in 2021 and the new rate has been used in recognising the Company's deferred tax assets and liabilities for reversals expected to take place on or after 1 April 2023.

#### 9: Loan due from Group undertakings

	£'000 2022	£'000 2021
Loan due from Group undertakings	30,000	30,000
To be settled within 12 months To be settled after 12 months Total trade, other receivables and other assets	30,000 30,000	30,000

A £30 million intercompany loan to QFPL as the indirect parent of the Company remains in place and is repayable on demand. Interest is earned at a rate of Bank of England base rate +115 bps. This is considered to be fully recoverable from QFP, given ongoing support by Quilter plc.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

10: Contract assets	£'000 2022	£'000 2021
Opening balance	-	-
Movement in year	302	-
Total contracts assets	302	_

Contract assets represent fees and commissions earned but not yet received from investment and pension providers.

There was no material revenue recognised in the reporting period from performance obligations satisfied, or partially satisfied, in previous periods.

As at December 2021 Contract assets totalling £552,899 were included within Trade receivables.

#### 11: Trade, other receivables, and other assets

This note analyses total trade, other receivables and other assets.

	£ 000	£ 000
	2022	2021
Trade receivables	153	642
Amounts due from group undertaking	27,748	-
Prepayments and accrued income	425	464
Amount recoverable from advisers for indemnity commission	202	-
Amount recoverable from professional indemnity insurance	<del></del>	3,450
	28,528	4,556

CIOOO

 $C' \cap C \cap$ 

All balances are expected to be settled within 12 months. Trade receivables mainly relate to trade debtors, tax debtors and other debtors.

None of the receivables reflected above have been subject to the renegotiation of terms. All receivables are interest free and are carried at fair value.

All amounts due from Group undertakings are short-term and interest-free with the carrying amount approximating to fair value and are subject to the 12-month ECL model. There have been no non-performing receivables or material impairments in the financial year that require disclosure.

A number of advisers (and former advisers) are indebted to the Company. This debt ordinarily arises from indemnity commission or complaint insurance excesses applied to the adviser's account. Each one of these is reviewed regularly in conjunction with the amounts retained from advisers to cover potential indemnity commission and provision made where recovery is deemed necessary. All the Company's financial assets included in this note are classified as assets at amortised cost under IFRS 9. IFRS 9 requires impairments of financial assets to be assessed using an 'expected loss' model. The movements in provisions made against trade debtors and deducted in arriving at the balances stated above were as follows:

Trade receivables are presented net of the following provision relating to amounts receivable from advisers.

Expected credit loss utilisation	£'000 2022	£'000 2021
Balance brought forward	63	58
Charged to income statement	4	5
Utilised in the year	-	-
Balance carried forward	67	63

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 11: Trade, other receivables, and other assets (continued)

During 2021, the Company changed the basis of estimating when a provision is required on balances due from subsidiaries of Lighthouse Group Limited. In prior years, provision was made if the balance receivable exceeded the recoverable net assets of the entity. Provision is now made if the balance receivable exceeds the recoverable net assets of the entity, and that entity does not have any commitment from support from elsewhere in the Group.

As a result, the provision for amounts owed by subsidiaries of Lighthouse Group Limited £3,446,000 was released in 2021.

#### 12: Deferred tax asset/liability

Deferred tax assets or liabilities are recognised to the extent that temporary differences are expected to reverse in the foreseeable future. The timing of reversals are estimated based on the company's annual business plan. Deferred tax assets are recognised to the extent that they are supported by the company's business plan or where appropriate the group's business plan.

The main rate of corporation tax is 19% for the financial year 2022. The rate will increase to 25% with effect from 1 April 2023. This change having been substantively enacted has been used in recognising the Company's deferred tax assets and liabilities for reversals expected to take place on or after 1 April 2023.

#### Unrecognised deferred tax assets

The amounts for which no deferred tax asset has been recognised comprises:

	31 December 2022		31 December 2021	
	Gross amount	Tax	Gross amount	Tax
	£'000	£'000	£'000	£'000
Pre April 2017 UK tax losses	439	110	439	110
Post April 2017 UK tax losses	60	15	60	15
Total unrecognised deferred tax assets	499	125	499	125

A deferred tax asset has not been recognised as there is sufficient uncertainty to the extent it is probable there will be future taxable profits to utilise the losses. Unrecognised losses are available to carry forward with no expiry date, subject only to the continuation of the business.

# Lighthouse Advisory Services Limited NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

#### 13: Cash and cash equivalents

	£'000	£'000
	2022	2021
Cash at bank	4,580	9,976
Money market funds	3,500	25,000
Total cash and cash equivalents	8,080	34,976

Management do not consider that there are any amounts of cash and cash equivalents which are not available for use in the Company's day-to-day operations.

#### 14: Ordinary Share capital

The Company's Ordinary Share capital at the end of the year is a follows:	Number of	£'000
	shares	Nominal value
	(authorised,	
	allotted and	
	fully paid)	
Ordinary shares of £1 each		
At 1 January 2021	55,181,000	55,181
Total Ordinary share capital at 31 December 2021	55,181,000	55,181
Ordinary shares of £1 each		
At 1 January 2022	55,181,000	55,181
Total Ordinary share capital at 31 December 2022	55,181,000	55,181

There has been no movement in the share capital in the current or prior year.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 15: Provisions

	Indemnity		
	commission	Compensation	
	provision	provision	Total
	£'000	£'000	£'000
At 1 January 2021	505	29,045	29,550
Charged to Income Statement	-	8,239	8,239
Unused amounts reversed	(102)	(4,712)	(4,814)
Utilised during the year	-	(6,406)	(6,406)
At 31 December 2021	403	26,166	26,569
Charged to Income Statement	-	8,832	8,832
Unused amounts reversed	(135)	(5,611)	(5,746)
Utilised during the year	-	(23,698)	(23,698)
At 31 December 2022	268	5,689	5,957

In the financial statements for 2021, provisions related to the skilled person review were shown separately from other complaints provisions. These categories have now been combined for 2022 reporting under the heading 'Compensation provision'. The 2021 figures have been re-presented with the categories combined to ensure comparability.

#### Indemnity commission provision

In the event of a clawback of indemnity commission in respect of policies cancelled during the indemnity period, the Company has an obligation to settle the liability. The provision for clawback of indemnity commission represents the expected cost of claw backs from product providers for subsequent policy cancellations and mid-term adjustments in respect of policies written at 31 December 2022.

The provision is calculated by reference to historical data resulting from past claims, referenced to present day sales of indemnity products. The amount provided represents the gross obligation, discounted at a cost of capital of 11.9%. and, where these amounts can be recovered from advisers, an asset is recognised (and similarly discounted). This provision is charged as a reduction of revenue on the income statement at the point of sale of each policy. The provision was reviewed at the end of 2022.

An asset is held for the amount recoverable from advisers for any liability caused by the above within trade, other receivables and other assets (note 11). As at 31 December 2022 this stood at £202,000.

#### **Provision for complaints**

Provision is made for expected settlements on open complaints.

Compensation provisions are comprised of the following:

	Pension transfer advice - British Steel £'000	Pension transfer advice – other schemes £'000	Other compensation provisions £'000	Total £'000
At 31 December 2021	18,908	6,521	737	26,166
At 31 December 2022	2,377	2,389	923	5,689

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 15: Provisions (continued)

#### Pension transfer advice - British steel - £2,377,000 (31 December 2021 18,908,000)

A total provision of £2,377,000 (31 December 2021: £18,908,000) remains for the redress of British Steel Pension Scheme cases, including anticipated costs associated with the redress activity. Client redress payments have been made to customers of £19,335,000, of which £15,806,000 was paid in 2022 (31 December 2021: £3,529,000). Anticipated costs of legal and professional fees related to the cases and redress process have been paid during 2022 of £3,706,000 and during 2021 £2,160,000.

During the year to 31 December 2022, the skilled person completed their review of all British Steel Pension Scheme cases within the initial scope of the review, reflecting the outcome on suitability of the DB to DC pension transfer advice review for each case, and all remaining offers were made to customers who received unsuitable DB to DC pension transfer advice which caused them to sustain a loss.

Certain customers who have been included in the skilled person review work already undertaken have referred their case to the Financial Ombudsman Service, relating to cases where: (i) relevant DB to DC pension transfer advice was found to be suitable by the skilled person; or (ii) where relevant DB to DC pension transfer advice was found to be unsuitable by the skilled person, but the customer disagrees with the way in which their redress offer has been calculated by the skilled person. The Financial Ombudsman Service may uphold some or all of the challenges made.

In November 2022, the FCA published a policy statement containing the final rules for a redress scheme for former members of the British Steel Pension Scheme who received unsuitable advice (the "BSPS Redress Scheme"). The BSPS Redress Scheme will cover those persons who received advice between 26 May 2016 and 29 March 2018 to transfer out of the British Steel Pension Scheme. The final rules for the BSPS Redress Scheme set out how advisers must determine whether they gave unsuitable advice and whether they must pay redress. The Company may therefore face further costs of redress as a result of the BSPS Redress Scheme. The BSPS Redress Scheme will not cover individuals that have accepted redress for that advice, referred the matter to the Financial Ombudsman Service or received a final outcome following a suitability assessment of their case conducted through a skilled person review. Therefore, based on the final rules of the BSPS Redress Scheme, this process will not include Lighthouse cases that have already been reviewed by the skilled person where the customer received a final outcome. The Company is currently considering whether, based on the final rules for the BSPS Redress Scheme, there are any Lighthouse cases relating to British Steel Pension Scheme members that were subject to the skilled person review that may fall within the scope of the BSPS Redress Scheme.

The final costs of redress for cases upheld will depend on specific calculations on a case-by-case basis, which will be calculated per the detailed redress methodology designed by the skilled person following discussions and in collaboration with the FCA and also impacted by market movements and other parameters affecting the defined contribution scheme asset, and is therefore exposed to volatility from this, and may vary from the amounts currently provided.

The key assumptions which have an impact upon the redress payable calculation are the discount rate, changes in market levels and proportion of cases where redress is estimated to be payable. For the purpose of the redress calculation, changes in the discount rate impact the valuation of the defined benefit scheme at the reporting date, and market level changes impact the valuation of the personal pension scheme for each client.

At the date of signing the financial statements, a redress calculation has been performed for the majority of customers who have had an assessment of unsuitable pension transfer advice, leading to greater certainty over the range of the provision balance, and therefore provision sensitivity for changes in assumptions has not been disclosed. The range of outcomes for the remaining provision, including anticipated costs, varies from £1,500,000 to £4,000,000, with full settlement of payments expected to be completed during 2023.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 15: Provisions (continued)

An asset of £3,450,000 representing an insurance recoverable in respect of British Steel pension transfer advice was included in the fair value of the acquired net assets of Lighthouse and presented on the statement of financial position as at 31 December 2021. During 2022, the insurers confirmed coverage and the Company received £15,000,000 cash, see note 6.

#### Pension transfer advice – other schemes-£2,389,000 (31 December 2021 £6,521,000)

During 2021, the skilled person review identified unsuitable DB to DC pension advice provided by Lighthouse advisers for pension schemes other than the British Steel Pension Scheme. The initial scope of the review concluded in 2022, with £3,501,000 paid to customers and the remaining provision released to the income statement. Subject to FCA confirmation, we anticipate that the skilled person review will conclude during 2023.

In the second half of 2022, the skilled person recommended a potential review of a further sample of Lighthouse DB to DC pension transfer advice cases not relating to the British Steel Pension Scheme. In December 2022, the FCA confirmed to the Group that it agreed with the skilled person's recommendation. The FCA also confirmed that, given the co-operation of the Group in relation to the skilled person review and established past business review methodology and consistent with the recommendation made by the skilled person, this further sample should be reviewed under a Group managed past business review process with the current skilled person acting as expert. The FCA also agreed with the skilled person that the further sample should be selected on a risk-based approach and has set out to the Group the key risk factors to be used in determining the sample. The review of this sample may uncover some additional cases where customer redress is required. Until the relevant sample has been reviewed, uncertainty exists as to the number of cases where this will be required and the value of total redress which may be payable. A provision for redress relating to the review of this further sample of cases of £2,389,000 has been established at 31 December 2022.

Factors, including suitability rate and redress determined as a proportion of transfer value, were used to estimate a provision of £2,389,000 for the potentially unsuitable cases, which has been recognised at 31 December 2022. If the factors were to increase by 10% the impact upon the provision would be £955,000.

#### Other compensation provision £923,000 (31 December 2021 £737,000)

Provision is made for expected settlements on open complaints relating to unsuitable advice provided.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 16: Loan due to Group undertakings

The following table analyses the Company's borrowings:

	£'000 2022	£'000 2021
Loan due to fellow group undertaking  Total borrowings	310 310	310 310

The loan is unsecured and non-interest bearing.

The amount due comprised a subordinated loan provided by a group company. The loan is unsecured, interest-free and is not repayable within the next two years. A notice period of 2 years needs to be given by either the Company or the lending group company, to their counterparty and the FCA, before payment can be made.

17: Trade, other payables and other liabilities	£'000	£'000
	2022	2021
Trade and other payables	4,732	3,348
Amounts due to parent undertakings	622	-
Amounts due to fellow subsidiary undertakings	8,759	119
Total trade and other payables	14,113	3,467

Trade and other payables principally comprise amounts due to amounts due to advisers. The Directors consider that the carrying amount of trade and other payables approximates to their fair value. All trade and other payables are short-term and interest-free.

Amounts due to parent and fellow subsidiary undertakings are unsecured, interest-free and current.

#### 18: Related party transactions

The Company is a wholly owned indirect subsidiary of Quilter plc and, in accordance with the exemption conferred under FRS 101, transactions with fellow wholly owned Group companies are not disclosed separately in these financial statements.

#### Key management personnel transactions

Remuneration of key management personnel is disclosed in Note 7.

Key management personnel of the Company and members of their close family have had no other transactions with the Company.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2022

#### 19: Contingent liabilities

Contingent liabilities – pension transfer advice redress

The skilled person review covered British Steel Pension Scheme DB to DC pension transfer advice activity undertaken by Lighthouse advisers, and a representative sample of other Lighthouse DB to DC pension transfer advice activity in the relevant period.

The skilled person review is largely complete, and the skilled person has recommended a potential review of a further sample of Lighthouse DB to DC pension transfer cases not relating to the British Steel Pension Scheme, and this further sample will be reviewed under a Company-managed past business review process with the skilled person acting as expert, as agreed with the FCA. Details of provisions for redress payable and payments made are included within Provisions as set out in note 15. Until the review has finalised, uncertainty exists as to the value of total redress which will be payable. We anticipate that the skilled person review will conclude during 2023.

Customers have the legal right to challenge the result of the skilled person review in respect of their case via a complaint to the Financial Ombudsman Service. Certain customers have made such complaints. The skilled person is independent from the Group and has run a robust process. The Group does not consider any of the complaints to be justified and so the provision does not include any amounts in relation to complaints made where pension transfer advice was found to be suitable by the skilled person. In particular, there is no provision for obligations that may arise in the event that any complaints to the Financial Ombudsman Service over the outcome of the skilled person review in respect of particular customers are upheld.

#### 20: Ultimate parent company

The Company's immediate parent company is Lighthouse Group Limited, a company registered in England and Wales.

The ultimate parent company, controlling party and the smallest and largest group to consolidate these financial statements is Quilter plc, registered in England and Wales. The consolidated financial statements are available from:

The Company Secretary
Quilter plc
Senator House
85 Queen Victoria Street
London
